

# Square 9 OFFICE WORKFLOW

With **SmartSearch** and **Kyocera**, effortless document workflow is at your fingertips.

SmartSearch Office Workflow and the powerful line of Kyocera Printers can help evolve your office with the introduction of effortless document management.

SmartSearch's award-winning document management software is now available with HyPAS touch panel capture in Kyocera's line of powerful printers. This innovative pairing offers a value-driven solution that is remarkably easy to learn, use and support.

- Eliminate paper-based filing systems with powerful tools for capture automation
- Streamline repetitive business processes including document routing, notification and approval
- Increase productivity and decrease spending by minimizing time spent distributing documents
- Increase document security and compliance

## Manage document workflow through your printer:

Through direct integration with your Kyocera printer, scan, distribute and store all your documents in a centralized repository.

- Powerful features for capture automation
- Automated page separation
- Bar code recognition
- Zonal OCR
- Image enhancements
- Text search PDF images

There's a SmartSearch Solution for every office.

Contact your representative to learn more about a customized version and begin evolving your organization's document strategy today.

HyPAS DEVELOPER

Voted Buyers Laboratory 2009 Fall Pick

**SmartSearch Professional Edition** – Enterprise Content Management for organizations of any size. With its modular design, the Professional Edition offers maximum flexibility in both pricing and configuration by allowing organizations to select only the tools needed for their specific business application.

**SmartSearch Corporate Edition** – Designed for organizations looking to leverage the full spectrum of what SmartSearch has to offer. As a comprehensive offering which includes licensing for disaster recovery and test bench applications, the Corporate Edition delivers a tremendous balance of value and functionality.
