Square 9 Softworks and Pitney Bowes Canada team up to bring a special edition of the SmartSearch Content Management Suite to Canadian businesses

NEW HAVEN, CONN., January 26, 2011 — Square 9 Softworks, a leading developer of innovative, business-centric software solutions, announced today the introduction of the SmartSearch Pitney Bowes Edition. Produced exclusively for Pitney Bowes Canada for distribution in Canada, the SmartSearch Pitney Bowes Edition will enhance the presence of Square 9 Softworks and Pitney Bowes Canada in the growing market for electronic content management in North America. Sales of the software solution will contribute to the continuation of Square 9 Softworks' triple-digit rate of growth.

"We are pleased to be partnering with Pitney Bowes Canada to bring the SmartSearch Pitney Bowes Edition to business enterprises across Canada," said Stephen Young, president and CEO of Square 9 Softworks. "Both companies share a passion for creating innovative, value-driven solutions that increase business productivity. The SmartSearch Pitney Bowes Edition provides Pitney Bowes' customers in Canada with immediate access to the world-class document management capabilities of SmartSearch while they benefit from Pitney Bowes' service and support nationally."

"The SmartSearch Pitney Bowes Edition is an award-winning, 'best-of-breed' solution that provides our customers with both exceptional value and functionality," said Jacques L'Africain, Vice President and General Manager, Document Imaging Solutions. "The SmartSearch Pitney Bowes Edition drives productivity by giving businesses easy-to-use tools for enhancing document capture processes and providing them with a centralized repository for managing all of their business content. In addition, through direct integration with our MFP lines, SmartSearch Pitney Bowes Edition extends the functionality of these products well beyond their use as printers, scanners and fax devices."

A special edition of Square 9 Softworks' top-rated SmartSearch Content Management Suite – the company's flagship software solution – the SmartSearch Pitney Bowes Edition provides businesses with a complete end-to-end solution for managing documents, including both scanned images and living content such as Word, Excel and Outlook records. The SmartSearch Pitney Bowes Edition couples powerful tools for multifunctional printer (MFP) scanning with workflow automation, making it a unique solution that both manages and enhances the flow of business information.

ABOUT SQUARE 9 SOFTWARES

Square 9 Softworks is a leading developer of innovative, business-centric software solutions including the award-winning SmartSearch Content Management Suite. Dedicated to making content management available to organizations of all sizes, Square 9 Softworks designs solutions built on open architecture and cutting-edge technologies that drive efficiency and productivity across all business applications.

Through decades of experience with content management technologies in business enterprises of all kinds, Square 9 Softworks has acquired a thorough understanding of document-driven business processes. Intensely customer-focused and highly responsive, the company delivers effective, value-driven solutions and has achieved a reputation for excellence in meeting the rapidly evolving needs of its customers. For further information, visit www.square-9.com.

In Canada, the SmartSearch Pitney Bowes Edition is marketed by Pitney Bowes Canada's team of Document Imaging Solutions representatives, who provide unparalleled service and an exceptional range of products to customers from 28 locations across the country. These professionals provide onsite resources for pre- and post-sales support and are backed up by a nationwide call centre that ensures rapid-response service. In the United States, Square 9 Softworks markets the SmartSearch Content Management Suite exclusively through a network of highly skilled channel partners.

The SmartSearch Content Management Suite is a feature-rich solution suite that organizations of all sizes use to manage their documents electronically, driving efficiency and productivity across all business processes. Built for content management on the .NET platform using an open architecture design, SmartSearch is a scalable, value-driven solution that is easy to use, learn and support. From small businesses to the Fortune 500, organizations that rely on document-intensive processes use SmartSearch to manage documents electronically and streamline their workflow as they eliminate inefficient paper-based filing systems.
