**Square 9® Ranks on Marcum Tech Top 40 List of Fastest Growing Companies for the Fourth Consecutive Year**

*Square 9 awarded for exponential growth over a four-year revenue period*

**NEW HAVEN, CONN., September 22, 2016** – Sponsored by the Connecticut Technology Council and Marcum LLP, the ninth annual Marcum Tech Top 40 has recognized Square 9 Softworks as one of the fastest growing software companies in Connecticut. Square 9 was awarded for its continued triple-digit growth over a four-year revenue period from 2012 to 2015, marking Square 9's fourth consecutive year as an honoree.

The Marcum Tech Top 40 recognizes the fastest growing privately and publicly owned technology companies in six industry sectors throughout the state. Honorees must have accumulated at least \$3 million in annual revenue and demonstrated an impressive record of revenue growth in each of the preceding four years.

"We are extremely proud to once again be recognized by Marcum and the Connecticut Technology Council for our outstanding growth over the past few years," stated Stephen Young, President and CEO of Square 9 Softworks. "This great honor validates our continuous expansion as we continue to grow from year to year and truly reflects the fantastic team we have here at Square 9," Young added.

Last month, Square 9 was nationally recognized on Inc. Magazine's coveted Inc. 5000 list, an executive ranking of the fastest growing private companies in America, earning the position of 2387. As an Inc. 5000 honoree, Square 9 now shares a pedigree with Inuit, Zappos, Under Armour, Microsoft, GoPro, and Patagonia among others.

The 2016 Marcum Tech Top 40 awards program will include an exhibition featuring each of the 2016 Marcum Tech Top 40 companies. Six category winners will be announced, and one company will be named overall winner for demonstrating the greatest percentage growth in revenue across all the technology verticals.

###

**About The Connecticut Technology Council:**

The Connecticut Technology Council is a statewide association of technology oriented companies and institutions, providing leadership in areas of policy advocacy, community building and assistance for growing companies. Speaking for 2,500 companies that employ some 200,000 residents, the Connecticut Technology Council seeks to provide a strong and urgent voice in support of the creation of a culture of innovation. This includes working to position Connecticut as a leader in idea creation, workforce preparation, entrepreneurial aptitude, early stage risk capital availability and providing on-going support and mentoring to high potential firms. For more information, visit <http://www.ct.org>.

**About Marcum LLP:**

Marcum LLP is one of the largest independent public accounting and advisory services firms in the nation, with offices in major business markets throughout the U.S., Grand Cayman and China. Headquartered in New York City, Marcum provides a full spectrum of traditional tax, accounting and assurance services; advisory, valuation and litigation support; and an extensive range of specialty and niche industry practices. The Firm serves both privately held and publicly traded companies, as well as high net worth individuals, private equity and hedge funds, with a focus on middle-market companies and closely held family businesses.
