

Create an office environment that's less complicated, more efficient and more profitable.

GlobalCapture eBX simplifies document tasks by creating highly efficient workflows that start at the touch panel of your eBRIDGE enabled Toshiba multifunctional device.

## From the Touch Panel:

- ✓ Immediately locate filed documents through stored searches
- ✓ Instantly print documents from the results of a search
- ✓ Secure document capture locally or to the cloud
- ✓ Extract data for automated records filing or information sharing

### More Profits

With GlobalCapture eBX anyone with access to the MPF can initiate a workflow that captures images, extracts high value data and notifies users of a pending workflow activity. QuickSearch enables users to search against the GlobalSearch database, preview and print documents directly from the touch panel.

### More Efficient

Users can automate image capture, optimize batch scanning, enhance image quality, route documents, extract high value data, use OCR to convert images to text searchable PDFs and release your documents directly to GlobalSearch - either onsite or in the cloud.

### Less Complicated

A simple yet powerful solution for streamlining capture workflow activities and making them accessible from the touch panel of your eBRIDGE enabled Toshiba multifunctional printer.

### Easy Set-Up

Create your capture workflow through our easy drag & drop design tool: select your import method, choose your document actions, define your release point, save your workflow.

**Document Capture &  
Processing****Capture**

documents from your multifunctional printer, scanner, email or even a watched network directory

**Optimize**

batch scanning jobs with document separation through OCR, Bar Code, Page Count or Blank Page separation

**Enhance**

image quality as documents are being captured including color drop out, auto cropping and noise removal

**Document Extraction &  
Routing****Extract**

data with OCR or Bar Code Recognition for automated filing or to share with other line-of-business applications

**Convert**

images automatically to text searchable PDFs as they're captured from your eBRIDGE enabled Toshiba MFP

**Route**

documents to other GlobalSearch users for review, approval or notification

Through its dynamic integration with **GlobalSearch**, **GlobalCapture** eBX provides a real-time capture solution that improves collaboration while sharing document information with other business applications.
