

# Company Profile

Founded in 2006 within the historic 9th Square District of New Haven CT, Square 9® Softworks develops solutions that enable organizations to realize their full potential by creating a streamlined flow of document driven information.

Square 9 delivers a complete platform of solutions for capturing your documents, extracting high value data, classifying that data into information and then putting it into motion for greater business efficiency. The end result saves you both time and money, contributing to the overall growth and success of your business.
