**For Immediate Release****Square 9® Launches the Convey Canon DR-M160II Bundle for Capture Automation**

*New Convey Canon Bundle Combines the Strengths of GlobalCapture® Convey with Canon Document Scanner Line*

**NEW HAVEN, CONN., February 6, 2017** – Square 9® Softworks, developer of award-winning Enterprise Content Management (ECM) solutions today announced the launch of the Convey Canon DR-M160II Bundle. This innovative new solution combines Square 9's web-based capture automation solution, GlobalCapture® Convey, with the industry leading power of Canon's document imaging technology.

Square 9 has worked with Canon U.S.A. Inc., a leader in digital imaging solutions, to develop a universal solution for managing information being captured through a broad spectrum of input devices. This includes Canon's full line of production scanners, networked document scanners and even documents being distributed through email exchange. This universal approach to image scanning will help meet the demand of customers to capture and transform documents in any office environment regardless of whether centralized or distributed capture is required.

"We're thrilled to be working with Canon to develop an exciting new solutions platform," said Stephen Young, CEO at Square 9. "We feel strongly that this universal approach to image capture is what the market needs right now, given the tremendous diversity in how people work. Canon is approaching the management of captured information from the perspective of SOHO, SMB and Enterprise users alike."

GlobalCapture Convey has been bundled as a promotional offering with the new Canon DR-M160II document scanner that boasts speeds of up to 60 pages per minute. This bundle will drive a compact, high performance solution, that is easy to use in any office environment looking to maximize office productivity through enhanced document distribution capabilities.

"GlobalCapture Convey will help Canon to enhance our solutions offering even further with a platform that transforms and distributes the information being captured by our imaging products," said Toyotsugu Kuwamura, Executive Vice President and General Manager, Business Imaging Solutions Group, Canon U.S.A., Inc. "It's an exciting relationship between Canon and Square 9 that will benefit both our customer and our Reseller communities."

The new Convey Canon DR-M160II bundle will be available to Resellers through a series of educational events throughout the U.S. starting in February 2017.
