**For Immediate Release****Square 9 Promotes Michael Frattini to Senior Vice President Operations****Frattini to assume executive oversight of both Technical Sales and Professional Services operations**

**NEW HAVEN, CONN., May 16, 2017** – Square 9® Softworks announced today the promotion of Michael Frattini to the role of Senior Vice President Operations. Frattini, who has worked at Square 9 for more than seven years, previously held the position of Vice President of Channel Sales and was responsible for overseeing key manufacturer and distributor relationships. Prior to joining Square 9 in 2010, Frattini had spent more than eight years with Westbrook Technologies in a series of roles with steadily progressive responsibilities.

In his new position, Frattini will assume executive oversight of both Technical Sales and Professional Services operations in an organizational restructuring that was announced in May 2017. The restructuring was designed to bring greater cohesion between the sale and delivery processes of project based deliverables within the Reseller channel. Frattini's mandate will be to drive an enhanced customer service experience from pre-sales design through post-sales support with a new end-to-end solutions delivery model.

"Michael is the ideal candidate for this role," stated Stephen Young, President and CEO of Square 9 Softworks. "With our Professional Services sales growing more than 40% each of the last two years, it was critical to have an experienced professional like Michael overseeing its operations. Michael's intimate understanding of both our industry and our Reseller channel uniquely positions him for tremendous success."
