

Gain Greater Control Over Academic Records

GlobalSearch provides school systems of all sizes with powerful Document Management tools to eliminate paper storage, streamline operations and increase efficiency

“ Efficiency gains from GlobalSearch have translated directly into cost savings. We’ve eliminated 10 hours per week, meaning we are saving approximately \$10,000 per year in labor costs alone. GlobalSearch quickly paid for itself, streamlining our operations considerably, helping us to do our jobs much better and faster—for less money. ”

— **Michael Murray,**
Assistant Director of Academic Affairs,
OSU College of Dentistry

Where is GlobalSearch Used?

- Student/Staff Records
- PPT/IEP/504 Plan Records
- Student Portfolios
- Payroll Records
- CEU Tracking
- Board Meeting Minutes

How is GlobalSearch Unique?

- Easy to Learn and Use
- Advanced OCR and Content Search Tools
- Flexible and Highly Customizable
- Scalable to Multiple Campus Locations
- User Initiated Document Workflows

How will GlobalSearch Deliver Efficiency throughout your School District?

- ✓ Create powerful student portfolios through scanned or imported projects
- ✓ Quickly access report cards and transcripts, even when out of the office
- ✓ Create IEP approval routing and conditional based notifications
- ✓ Gain FERPA compliance
- ✓ Eliminate paper-based filing and provide fast, district-wide access to student records
- ✓ Integrate with PowerSchool®, eSchoolPlus and other student information systems
- ✓ Implement eForms to standardize data collection and ensure it is complete
- ✓ Easily search and locate student records based on name, number or keyword
