

GlobalCapture bEST simplifies document centric tasks by creating highly efficient workflows that start at the touch panel of your bEST enabled Konica Minolta multifunctional device.

GlobalCapture bEST with QuickSearch is a simple yet powerful solution for streamlining capture workflow activities and making them accessible from the touch panel of your bEST enabled Konica Minolta multifunctional printer.

From the Touch Panel:

- ✓ Secure document capture locally or to the cloud
- ✓ Rapid location of filed documents through stored searches
- ✓ Direct document printing from the results of a search
- ✓ Advanced data extraction for automated records filing or information sharing

All In-One

Providing multiple touch points for the capture and access of business critical information, advanced features such as image enhancement, document separation, Bar Code recognition, approval routing and email notifications are at your fingertips.

QuickSearch bEST

Not only can you capture images at your bEST enabled Konica Minolta device, but through QuickSearch a user has the ability to search against the GlobalSearch database, preview and print documents right from the touch panel.

Easy Set-Up

Create your capture workflow through our easy drag & drop design tool; select your import method, choose your document actions, define your release point and save your workflow.

Workflow Initiation

Anyone with access to the MFP can initiate a workflow that captures images, extracts high value data and notifies users of a pending workflow activity.

Differentiators

Capture

documents from your multifunctional printer, scanner, email or even a watched network directory

Optimize

batch scanning jobs with document separation through OCR, Bar Code, Page Count or Blank Page separation

Enhance

image quality as documents are being captured including color drop out, auto cropping and noise removal

Extract

data with OCR or Bar Code Recognition for automated filing or to share with other line-of-business applications

Convert

images automatically to text searchable PDFs on the fly as they're captured from your bEST enabled Konica Minolta MFP

Route

documents to other GlobalSearch users for review, approval or notification

Through its dynamic integration with GlobalSearch, GlobalCapture bEST provides a real-time capture solution that improves collaboration while sharing document information with other business applications.
