Square 9 Softworks® Recognized with BLI 2022 Pick Award from Keypoint Intelligence

GlobalSearch Awarded for Outstanding Business Process Management Solution

NEW HAVEN, CONN., December 9, 2021 - Square 9 Softworks® has been recognized by Keypoint Intelligence with a Buyers Lab (BLI) 2022 Pick Award for Outstanding Business Process Management Solution for GlobalSearch Cloud. For 60 years, Keypoint Intelligence has been a leading, independent test laboratory in the document imaging industry, evaluating information, tools, and services that impact how people work. Square 9 has been awarded BLI's coveted 5-Star or Platinum rating continuously since 2009 for their suite of digital transformation tools.

"Square 9 has done a lot to accelerate setup and deployment, allowing businesses to be up and running in a matter of hours, rather than weeks or even months as with some solutions," said Lee Davis, Associate Director of Software/Scanners at Keypoint Intelligence. "With the GlobalSearch Business Essentials Package, companies can use canned workflows to quickly automate AP/AR, contract management, and HR management processes."

Keypoint Intelligence recognizes Square 9's GlobalSearch for how easy it is to digitize and automate business processes. Square 9's cloud driven workflow designer simplifies the creation of process flows, while the RapidAdapt Forms learning technology drives the automation of document classification, indexing, and routing.

"We are grateful that Keypoint Intelligence has chosen to recognize GlobalSearch Cloud as their Outstanding Business Process Management Solution for 2022," said Stephen Young, CEO of Square 9 Softworks. "Our team is committed to developing leading strategies for digital transformation and process automation. Our singular focus has been to simplify the transition to a paperless world for our customers as they streamline their business processes," said Young.
