Streamline Productivity, Reduce Costs, and Improve Inventory Management

GlobalSearch Enterprise Content Management (ECM) software is an easy-to-use, cost-effective solution that will improve the way the agriculture and farming industry operates.

"Thanks to Square 9's solutions, Heritage is saving nearly $4,000 a year, simply from eliminating offsite storage, file cabinets, printer and paper costs. They have been able to integrate their existing accounting software with a proven Enterprise Content Management system, built to streamline efficiency while providing improved insight into business intelligence."

- Tax Forms
- Permits
- Compliance Information

How is GlobalSearch Unique?

- Supports Easy Adoption For All Users
- Anywhere, Anytime Document Access
- Granular Document Security
- Full Feature Document Editing
- Automated Document Workflows

How will GlobalSearch Deliver Efficiency to the Agriculture Industry?

✓ Streamline day-to-day processes while effortlessly integrating data with AgVantage and other agriculture software.

✓ Locate business-critical documents with ease, including purchase orders and invoices, from anywhere, at any time.

✓ Save money by eliminating the need for off-site storage, paper and ink, and cut back on the amount of time and effort it takes to file your documents.

✓ Ensure procedures are followed, and information is accurate with document history tracking and optical character recognition (OCR) software.
